

Situation after initial year of medium-term business plan

Factors in shortfall from initial year targets

External

- 1. Slow growth of emerging economies
- 2. Ripple effects of financial uncertainty in European market
- 3. Changing consumption patterns in Japanese economy

Internal

Slowness in product and market development over past several years

Dips in demand cycle

Basic approach in medium-term business plan

Keys to medium-term growth

- 1. Management giving top priority to quality and safety
- 2. Strengthening of core technologies
- 3. Wider choice of product variations
- 4. Stepped up sales expansion in Asia

Basic approach unchanged from when plan was first drawn up

Priority measures for meeting goals of medium-term plan

- 1. Further expansion of markets for precision planetary gear speed reducers
- 2. Market cultivation by means of new products
- 3. Stepped up sales expansion in Asian markets

How strain wave and planetary gears differ

	Strain wave gearing	Planetary gear
Brands made by HDS Group	HarmonicDrive® I To the second of the secon	AccuDrive® HarmonicPlanetary®
Reduction Ratio	1/30 ~ 1/320	1/3 ~ 1/45
Backlash	Zero Backlash	Low Backlash
Main application Required specifications	Robotics Joint drive • Many special specifications	Machine tools Automatic tool changer Table drive • Mostly standard specifications

Target segment image i

Accuracy Robotics, **Semiconductor Equipment** High Transporters, positioning **Processing** accuracy **Equipment etc.** HarmonicDrive[®] Normal positioning accuracy **AccuDrive General Industrial Machinery** Focusing on expansion of **Torque General Gear**

Target segment image Accuracy Robotics, Semiconductor **Equipment** High Transporters, **positioning Processing accuracy** Equipment etc. Harmonic Drive® New Normal **Product position**ing **High-output** products accuracy **General Industrial Acc**uDrive **HPGP** series **Machinery** High torque, High-Current New accuracy **Product** main positioning, Lowproducts backlash For Korean Focusing on **HPG** series (Asian) expansion of market **High-accuracy** positioning, torque **HPN** series Low- backlash **High-accuracy General Gear** positioning, Low noise, Short lead Price time, Low price Note: This graph is conceptual. South Korean joint venture company established

SAMICK ADM CO., LTD.

Head Office	Daegu Metropolitan City, S. Korea
Founded	February 20, 2013
Capital	3 billion won
Equity shares	HDSI: 51.0% SAMICK HDS: 49.0%
Employees	11 (24 projected by 2015)
Plant floor area	2,460m ²
Business domain	Production of high-precision planetary reducers
Target net sales	Approx. 1.5 billion yen (2015)

Core technology and wider choice of product variations

Expansion of product variations

A never-ending upward spiral of technology and skills

■HDS and speed reducers over the years

Stepped up sales expansion in Asia

China

Sales expansion mainly through sales subsidiaries (also use of sales agents)

- New product sales expansion
- Technology services
- Marketing

Focus markets:

- Industrial robots
- Machine tools
- Semiconductor manufacturing equipment

Singapore

Use of machine parts trading firm for sales expansion

 New product sales expansion

Focus markets:

- Machine tools
- FPD manufacturing equipment

South Korea

Sales expansion using techsavvy sales agents

- New product sales expansion
- Customized product orders

Focus markets:

- Machine tools
- Semiconductor manufacturing equipment
- FPD manufacturing equipment

Taiwan

Use of machine parts trading firm for sales expansion

 New product sales expansion

Focus markets:

- Machine tools
- FPD manufacturing equipment

Total Motion Control

Business domain

Providing the value of Total Motion Control in precision control fields

Schematic Concept of Total Motion Control
